

GhostCut Personal Information Sharing List

Updated: July 17, 2026

Note: This List sets out, in consolidated form, the circumstances in which we share personal information with third parties or entrust third parties to process personal information, as well as the third-party software development kits (SDKs) embedded in the Mini Program, for your reference. For provision of personal information outside the People's Republic of China, please also refer to the Personal Information Cross-Border Transfer List. This List will be updated in a timely manner as our partners change.
